

Have you checked my immunization records lately?

Your family may be missing immunizations they need

Tips for locating immunization records
immunizebc.ca/tips-locating-immunization-records

Vaccine schedules for all ages
immunizebc.ca/vaccines-all-ages

You can get immunized in more places than you might think. Health units*, some doctors' offices and pharmacies (pharmacists immunize children 5 years of age and older)

Contact your local health unit with questions
immunizebc.ca/finder

*also called public health units, community health centres and primary care homes
